

We are writing regarding the the possible change to LPFM. We do not want to see that happen because it would greatly impact the station we most listen to, K-LOVE. K-Love provides a vital service in our community by providing family friendly radio and a message of hope and encouragement to a very hurting world. It would be a tremendous loss if K-Love were displaced from our airwaves! Please don't let that happen. Thank you for your time and consideration. Eric & Eileen Bolze
